

**Mid-South Fencers' Covid Pandemic Social Contract**  
**Last Updated 8.24.2020**

**We are in an unprecedented time of navigating our safety. We appreciate your willingness to engage in a Social Contract with your fencing community. By participating in Mid-South Fencers' Club in-person services, you are agreeing to participate in self-monitoring and limiting social contact to what is deemed necessary by your family.**

**We have established this routine based on what information is currently available about Covid-19 and this Social Contract has been vetted by an advisory council of community members.**

Only Mid-South Fencers' Club members in good standing will be allowed participation in training cohorts. All competitive members must also be members of USA Fencing and designate their club at Mid-South Fencers' Club.

Before participation, if you check YES to any of the questions below and feel outside of your NORMAL baseline and/or are potentially ill, we ask that you not attend or return home immediately. THESE QUESTIONS APPLY TO BOTH YOU and YOUR HOUSEHOLD, and this self-check should be considered during part of your pre-practice routine, like filling up your water bottle or finding your gear.

- I don't feel well (cough, sore throat, loss of taste or smell, diarrhea, nausea, etc.).
- I have an elevated temperature (100 degrees fahrenheit or greater typically).
- A member of my family is quarantining due to possible exposure.
- Someone in my family has tested positive for Covid-19 and has not been cleared by a doctor.
- I am not practicing social distancing and not wearing a mask regularly outside fencing.
- I have tested positive for Covid-19 and have not been cleared by a doctor to participate.
